

## **Covid Office Visit Requirements**

The following are required to be followed by families coming to the office for their child's sessions:

- All caregivers are required to wear masks at the office
- Everyone must wash their hands upon entering the office
- Only 1 adult is to accompany child having therapy. If preferred, your therapist can meet at your car or the door and bring your child back out to you at the end of their session. No one is to wait in the waiting room during sessions.
- Please **do not** arrive early to your scheduled session. If you arrive early, please wait in your car until your appointment time.
- Do not wait in the yard or chairs or the porch above the office. These areas are not part of our office and we do not want families crossing paths entering/exiting the office.
- The door will remain locked until your therapist comes to get you for your appointment.
- Once your session is over please exit the office promptly. Our therapists need time to sanitize and clean before their next session.
- If you go out of town or on vacation, please alert us of your plans. We are following DC mandates and requirements for quarantining with travel from and to DC.
- If you, your child, or anyone in your household is showing symptoms of Covid or have come in contact with someone who has been exposed to Covid, inform your therapist & owners immediately.
- If your child or children attend school, a play group, or are in a pod where any child (or persons in that child's household) have been exposed to Covid, inform your therapist & owners immediately.
- Remember during cold and flu season we ask you to keep your child home and cancel your session if your child or anyone in the household is sick.

If you have any questions or concerns about the above requirements, please contact owners Megan or Monica at [info@thespeechspacedc.com](mailto:info@thespeechspacedc.com) or at 202-643-8250

We appreciate your continued help with keeping everyone safe and healthy!
